# **EMMA SPIZZIRI**

"I have had nothing but positive experiences with Emma. She is the embodiment of what I believe a SkyHawk should be. She positive, energetic, caring, and mature."

"Emma is the spark that drives all the activities and classes around her. She is the one who stays eternally positive and it is infectious. She always has a smile. She is the one who marshalls the troops and brings out the best in everyone around her."

Emma is a team player both on and off the field. Her willingness to be there for others and her awareness of how she can best accomplish her personal goals are what make her such an asset in the classroom and on the field --- plus she is a gifted singer!

"Emma is "that person" that no matter how stressed, sad, or upset you may feel, "that person" will be able to make you smile and realize that life is good and things will get better."

"With a voice and personality that always stands out in a "crowd" of 17 HawkTime seniors, she will never be mistakenly marked absent, resulting in an email scolding for the hapless teacher. That being said, I'm delighted that such a deserving student has been recognized! She really does make a difference, daily, by making me feel happier and more positive!"

"Talk about a positive, glass is always half full individual! This young lady lights up any room she walks into. Her smile is infectious and she is always willing to lend a helping hand. Classmates look up to her and it's my privilege to have her in class. She gives 100% in all she does, whether on the softball field or in the classroom. She definitely deserves this commendation!"

"She is such a source of positive energy in my classroom and is always willing and eager to experiment with new concepts in my class. She is driven, a friend to all, and will make a difference in this world."

"Emma is a bright spot in any day. She is a genuinely positive person who infects those around her with joy and happiness. She is a natural leader among her peers, she leads by example for the younger students, and she comfortably joins in conversation with her teachers. Her voice carries throughout our hallways and classrooms, making her presence known and her joy felt. She is a young woman who will change the world by blazing a trail and I, for one, cannot wait to read about all she accomplishes when she strikes it famous someday. Emma is so very deserving of this recognition, I am a better teacher for knowing her and our school is a better place because of her."
